MANSORY 9X

MASTER OF CUSTOMIZATION

Design Philosophy

Misty Grey

The name evokes mist rising peacefully from secluded valleys and mountain peaks, far from the bustle of the world. Its smoky grey recalls stone beneath the twilight sky, stripped of distracting reflections and distilled into a pure matte finish. Neither harsh nor showy, it has the cool, elusive depth of mountain mist.

A grand new realm. Sharing the extraordinary.

Majestic as a Mountain

A waterfall-style obsidian grille meets a carbon fiber bonnet like towering peaks piercing a sea of clouds. Sharp, star-diamond matrix headlights and a black carbon fiber front apron create a naturally imposing presence: assured, powerful and effortlessly composed.

A grand realm shaped by nature, where mountain mist rises.

Serene Command

The finely finished Misty Grey paint flows like evening haze, subtle yet deep. An obsidian floating roof and widebody wheel arches create a sharp contrast of light and shade. A flash of lava-orange trim breaks through, paired with dark, retro-inspired wheels. Stillness and movement unite in a commanding balance of calm and explosive power.

Solid as Bedrock

The full-width crimson taillight cuts through the smoky-grey bodywork, a defining stroke that illuminates the rear. A carbon fiber spoiler and diffuser with quad exhaust outlets frame exceptional luxury and a concealed edge, projecting formidable authority even at rest.

Crafted Interior

Platinum Elegance

Platinum white forms the foundation, while refined yellow accents bring a warm glow. Gentle without glare and elegant without convention, the cabin captures the luxurious warmth of spring sunshine.

Flowing radiance, reflecting the first light of dawn.

4-Seat Exclusive

2+2 Layout

Platinum Elegance reveals a cabin of exceptional comfort. Platinum-white leather, pure as fresh snow, is traced with warm yellow accents like the first light of dawn. Precision diamond quilting adds quiet refinement. Executive aviation-style seats with extra-long, two-stage leg rests offer space to stretch out in enveloping comfort: distinction at your side, a sense of place shaped around you.

5-Seat Exclusive

2+3 Layout

For discerning partners at leading global architecture firms, emerging technology entrepreneurs and racing enthusiasts aged 35-50. Decisive and perceptive, with substance to match their style, they combine clear reason with a powerful inner drive.

Crafted to the finest detail, sculpting the poetry of light and shadow.

6-Seat Exclusive

2+2+2 Layout

From art exhibitions and track festivals to luxury apartments and private rooftop dinners, its sharp character is held within a composed exterior. Misty Grey is created for exceptional individuals who remain keenly perceptive even in stillness. Take your seat and travel with effortless assurance.
